

ERROR LOG - MySavings

What error message did you encounter (if any)?

String literal is not properly closed by a double-quote

Syntax error, insert "while (Expression) ;" to complete DoStatement

What unexpected behaviour did your program exhibit?

- Wouldn't run due to an unresolved compilation problem (2x)

What caused the issue (syntax, logic, incorrect function usage)

- Syntax errors (2x)

Include a screenshot of specific lines of code.

```
else if (choice == 0) {  
    System.out.println("Goodbye!");  
}
```

```
}
```

```
}
```

```
}
```

How did you fix the issue?

- Added the missing quote.
- I had to complete the "do" statement with a while(expression)

Provide the corrected code or solution using a screenshot.

```
else if (choice == 0) {  
    System.out.println("Goodbye!");  
}
```

```
} while (choice != 0);
```

```
}
```
